## **FW: Gyratory Works Update**

----- Original Message: -----

Dear Parent/Carer

As of tomorrow (Thursday 17<sup>th</sup> February), those wishing to enter and exit the car park at the front of college will need to use the new entrance and exit points, as shown on the attached map. Please follow the steps below in terms of entry and exit onto site.

### **Entry:**

- Those travelling from the town centre on Dodworth Road will be able to turn left into the car park using the new entrance.
- Those travelling from the Broadway, Pogmoor Road or M1 directions will need to follow the gyratory route, and then turn left into the car park using the new entrance.
- The existing one-way system in the car park will continue to be in place.

### **Exit:**

- Those travelling to the town centre and Pogmoor Road will need to turn left using the new give way exit and move onto the gyratory.
- Those travelling to Broadway and M1 can turn left onto Dodworth Road as normal, using the new give way exit.
- No right turns out of the car park will be permitted.

Pedestrian routes will be signposted, along with temporary crossings. For their safety, please can you remind your child to use these crossing points and avoid crossing highways when there is moving traffic. Again, please refer to the map attached so that you are familiar with the location of these crossings.

If you have any questions about any aspects of the gyratory works, please visit the BMBC website link <https://www.barnsley.gov.uk/services/regeneration/key-projects/m1-junction-37/> or ring the works customer liaison team for the project on 0800 032 8707. **Please note that the college does not have responsibility for the gyratory works taking place.**

Kind regards

Mr Arezoo  
Vice Principal
